- Real and Complex Analysis by Walter Rudin. Publisher: McGraw-Hill Education.

Prerequisites

Math 4662/6662 Analysis II. Note: Solid understanding of materials in Analysis I and II is necessary to follow the lectures. Those materials are covered by, for example, Chapters 1–7 of *Principles of Mathematical Analysis* (3rd edition) by Walter Rudin.

Course Topics

Measures, measurable sets and functions; Lebesgue integrations; Signed measure; Function of bounded variation; L^p spaces; Topics in Probability Theory.

Attendance and Administrative Drop Policy

Attendance to all lectures are required and checked during the semester. Students who do not the class regularly will be warned or even administratively dropped.

Homework

There are a total of 6 homework assignments (6 points each. Lowest homework score will be dropped. 30 points total) during the semester, approximately one assignment every 2 weeks.

- Preparation and submission instruction at <https://math.gsu.edu/xye/course/hwpolicy.html>.
- Homework must be submitted to iCollege at <https://icollege.gsu.edu> by the due time.
- You can submit your fully or partially completed homework to the homework folder on iCollege as many times as you wish (your newer submission will just replace the old one) by the due time.
- *Late homework and homework not following the instruction will not be accepted or graded. They receive 0 point.*

Exams

There are two midterm exams and one final exam.

- Exams are closed book/notes. Blank scratch papers will be provided.
- *Request for make-up exams must be approved by the instructor at least 10 days before the actual exam.* Unless in an extreme verifiable emergency, all make-ups must be worked out ahead of the time.
- Exam schedule (see exam dates in **Important Dates** section below):
 - Midterm Exam 1 (20 points): class time (75 minutes).
 - Midterm Exam 2 (20 points): class time (75 minutes).
 - Final Exam (30 points): see Important Dates below (150 minutes).

Please check for conflicts with your other finals in the first week of the semester.

Study Guide

Lecture slides/notes are available for download in advance. Paying close attention and taking good notes during the class are of paramount importance (write notes on printed slides during lectures are recommended). After the class read the

book, the slides/notes, and do as many of the homework problems as you can prior to the next class. Try to get the remaining problems explained in the next class or during the office hours. *You are responsible for all material covered in class if you missed any class.*

Academic Honesty

All work submitted by a student for a grade must have been done without help from other persons. *Cheating and plagiarism are strictly forbidden.* A first occurrence will result in a grade of 0 on the assignment *for all concerned parties* as well as an Academic Dishonesty form being filed with the Dean of Students. A second occurrence will result in a grade of F for the course for the concerned parties and a second Academic Dishonesty form being filed. This course is conducted in a manner consistent with the university policy on academic honesty at <http://codeofconduct.gsu.edu/>.

Unauthorized Public Posting and Distribution

The selling, sharing, publishing, presenting, or distributing of instructor-prepared course lecture notes, videos, audio recordings, or any other instructor-produced materials from any course for any commercial purpose is strictly prohibited unless explicit written permission is granted in advance by the course instructor. This includes posting any materials on websites such as Chegg, Course Hero, OneClass, Stuvia, StuDocu and other similar sites. Unauthorized sale or commercial distribution of such material is a violation of the instructor's intellectual property and the privacy rights of students attending the class, and is prohibited. Failure to abide by these limitations constitutes a violation of the Policy on Academic Honesty and will be treated accordingly.

Disruptive Student Conduct in the Classroom or Other Learning Environment

The university's disruptive student policy applies and students should familiarize themselves with the relevant parts of the student code of conduct at: <http://codeofconduct.gsu.edu/>.

Absence Policy

GSU has a process for students seeking excused absences through the Dean of Students Office. Students submit documentation to <https://deanofstudents.gsu.edu/student-assistance/professor-absence-notification/>. Professors will then be notified by the Dean of Students of any excused absences.

Accommodation

Students who wish to request an accommodation may do so by registering with the Access and Accommodation Center (AAACE). Students may only be accommodated upon issuance by the Access and Accommodation Center of a signed Accommodation Plan and are responsible for providing a copy of that plan to instructors of all classes in which accommodations are sought.

Withdrawal

Withdrawal on or before Midpoint day will result in a grade of "PW". Hardship withdrawal after the Midpoint day will result in a grade of "WF".

Inclement Weather Policy

If the University is closed due to inclement weather, any exam that may have been scheduled for that date will be administered on the next available class date. If an assignment is due that day (or if you are scheduled for an exam), it will be due the next class.

COVID-19 Supplements

Supplemental Information for Attendance Policies

Students who want to do well in this course will attend class following the class attendance policy. You will need an excused absence due to illness. GSU has a new process for students seeking excused absences through the Dean of Students Office. Please submit documentation to

<https://deanofstudents.gsu.edu/student-assistance/professor-absence-notification/>

I will then be notified by the Dean of Students of any excused absences.

Should a student test COVID positive, any accommodations to the class attendance policy will be informed by evolving guidance from the CDC on quarantine. In most cases there will be no major change to mode of course delivery, so students will be responsible for collecting notes for missed classes and making up any work they miss during quarantine. Anyone who has a positive COVID test is encouraged to alert the university so that appropriate contact tracing can be conducted.

Wearing Masks in Class

You are encouraged to wear a face covering in all class meetings. I know that face masks may make some aspects of class more difficult. It will be harder for us all to project our voices and read each other's facial expressions. However, I am willing to sacrifice these elements since wearing a mask is one thing I can control to support the health and safety of our community. Be aware that wearing face mask is not required by GSU, so there is no penalty if you choose to not wear a mask. Our university community has a strong tradition of upholding the value of mutual respect, we therefore ask students to not engage in behavior that would be disruptive if your fellow students make a different choice about wearing masks. If you have concerns, please discuss them with me and I will work to the best of my ability to provide a comfortable environment conducive to student learning.
