Biography of the instructor for the short course

Dr. Ting is a Fellow of American Statistical Association (ASA). He is currently a Director in the Department of Biostatistics and Data Sciences at Boehringer-Ingelheim Pharmaceuticals Inc. (BI). He joined BI in September of 2009, and before joining BI, he was at Pfizer Inc. for 22 years (1987-2009). He received his Ph.D. in 1987 from Colorado State University (major in Statistics). He has an MS degree from Mississippi State University (1979, Statistics) and a B.S. degree from the College of Chinese Culture (1976, Forestry) at Taipei, Taiwan.

Dr. Ting published articles in Technometrics, Statistics in Medicine, Drug Information Journal, Journal of Statistical Planning and Inference, Journal of Biopharmaceutical Statistics, Biometrical Journal, Statistics and Probability Letters, and Journal of Statistical Computation and Simulation. His book "Dose Finding in Drug Development" was published in 2006 by Springer, and is considered as the leading reference in the field of dose response clinical trials. The book "Fundamental Concepts for New Clinical Trialists", co-authored with Scott Evans, was published by CRC in 2015. Another book "Phase II Clinical Development of New Drugs", co-authored with Chen, Ho, and Cappelleri was published in 2017 (Springer). He is an adjunct professor of Columbia University and University of Connecticut. He has been an active member of both the ASA and the International Chinese Statistical Association (ICSA).
